

STOBIFORM - PU Edge Protection KWL

PU Edge Protection KWL is designed for use with polyester lifting slings. They are flatter than the Edge Protection KW. The stability results from the use of a perforated metal bracket cast into the polyurethane matrix. The polyester lifting slings are easily inserted into the Edge Protection KWL using the separation and guide on the top side.

For belt width	L (mm)	W (mm)	Ba (mm)	H (mm)	Ha (mm)	Weight approx.
30 mm	100	40	50	10	20	0,30 Kg
60 mm	100	70	80	12	30	0,45 Kg
